About Me

Enthusiastic Tutor who encourages all students to become thinkers and self-motivated problem solvers, by creating a safe environment that promotes and supports higher level student learning for both primary and high school learners. Seeking a position where my compassion and dedication to a students development and educational needs are addressed along with my organizational skills, self-motivation, and patience.

Education Background

University Of Witswatersrand (Student)

2022– Present

Pursuing a professional bachelors degree in Game Design and Computer Science (BEngSc)

- A course centred on Mathematics, Science, Engineering Design & Problem Solving
 - Completed my first year of studies
 - Presently in 2nd year

Hamachon Le'Madrecei Chul Program

Completed in 2021

During my gap year, I completed an internationally recognized leadership programme in Jerusalem, Israel – as part of my religious interest (Habonim Dror)

King David High School Linksfield

2016–2020

Dedicated high schooler who persued Mathematics, Science Orientated subjects within the IEB Curriculum

- Core Mathematics
- Physical Sciences
- Hebrew
- Information Technology

Cisco Networking Academy Program

Completed in 2018 (Student Level Credential)

I undertook a 3 month course in the Cisco IT Essentials course which provided me with a hands-on, lab orientated experience within the technology industry.

- I garnered basic technical literacy knowledge and skills necessary to build and maintain digital networks.

Achievements

- 2022 I won best board game as part of an academic Game Jam
